- English- intermediate
- Ukraine - native

SUMMARY

As a Junior Front-End developer, I've been working hard to improve my skills in HTML5, CSS, JS, and React. I'm determined to keep growing and take on more challenges to deliver good projects. I'm pretty good at problem-solving and finding creative solutions to technical issues. I'm always trying to learn new things and be responsible in my work. I like pushing myself to do better and try new stuff.
